Joseph A. Oleske III, D.M.D.  
C. Robert Montgomery, D.D.S.

August 20, 2008

It is with extreme sadness that I must inform you that due to circumstances beyond my control I have been asked to retire in agreement with my cardiologist.

It has been a pleasure and a privilege to serve you and your families for the past 40 years. Words can't express what your confidence and loyalty has meant to me over the years. The staff and I feel very fortunate to have served you not only as a patient but also as a part of our family. Your good will and devotion has been my greatest reward.

Your expression of get well wishes during my illness and hospitalizations over the past few years have meant the world to my family and I. In leaving, I will carry with me all of my wonderful memories of Oleske Family Dental and the patients that made it so special.

My son, Dr. Joe, will carry on the tradition of Oleske Family Dental. As he has been practicing for over 13 years, he already has a full compliment of patients and would have difficulty adding so many more. Our office takes pleasure in introducing my handpicked successor, Dr. C. Robert Montgomery, who we affectionately call "Dr. Bob". Dr. Bob is from the Jackson area and has been practicing dentistry for over 17 years. He is a 1988 graduate of Case Western University Dental School. He shares the same dental philosophies as I. I am confident that he will serve you with the same caring and professional manner that I have always tried to provide.

As I start this new chapter in my life I will carry with me all the years of wonderful memories and will cherish every moment spent serving you and my community.

Warm Regards,

Joseph A. Oleske Jr., D.D.S.
